Re: Cantwell 2000
FEC Id. No. C00349506

Dear Ms. Simpson:

This is in response to your letter pertaining to the 30 Day Post-General Report of Cantwell 2000 (the "Committee"). Your first inquiry pertains to four contributors disclosed on the Committee's 48 hour reports, and we are providing the following information.

With respect to Sharon Fuchsberg, she was listed as the contributor on the Committee's 48 hour report. In fact, this contribution was made on a joint account and signed by her husband. Subsequently, the Committee actually attributed this contribution to him, and reported it as such on the Post-General. A copy of the applicable report page and check are attached hereto.

With respect to Andrew Held, the same circumstances occurred. Andrew Held was listed as the contributor on the 48 hour report, even though the contribution was made on a joint account and signed by Freeman Held. Subsequently, the Committee attributed this contribution to her, and reported it as such on the Post-General. A copy of the applicable report page and check are attached hereto.

With respect to William Robinson who is reported on a 48 hour report, he is listed as Bill Robinson on the Post-General. The 48 hour report also contains an inadvertent data entry error that misreported the amount of this contribution as \$10,003. The actual amount was \$1,000, and that was reported on the Post-General. A copy of the applicable report page and credit card contribution remittance form are attached hereto.

With respect to Robin Wilk, who is reported on the 48 hour report as contributing \$2,000, the contribution was reattributed on the Post-General as \$1000 for Robin Wilk
